To Whom It May Concern:

Angels Baseball and the City of Tempe recently partnered on a project to remodel and upgrade the Spring Training facilities at Tempe Diablo Stadium. The Angels were responsible for design relating to major league baseball activities and for all costs exceeding the base amount of \$20,000,000.

The City of Tempe hired Bosak CPM (formerly known as MBA Corporation), specifically David Bosak, to serve as their primary representative to monitor daily construction for the Diablo Stadium renovation project. As the Angels primary representative I had the opportunity to work with Mr. Bosak on a daily basis. Mr. Bosak was instrumental in keeping the project on track, both with costs and schedule. His ability to communicate effectively, his tenacity, and his construction expertise made him a very valuable member of the team.

It has been a pleasure to work with David on the Diablo Stadium renovation. The Angels would enthusiastically work with David on another project should we require his services in the future.

Sincerely,

A handwritten signature in cursive script that reads 'Bill Beverage'.
